An initial squad of approximately 80 South Australian junior athletes based on top 4 results in each discipline last season were selected to be considered for the SA Development Squad.

The above mentioned athletes are currently part of a squad of 48 selected after Senior Carnival No 1.

They have been training since then and the final selection of 24 (8 from each age group – 4 male and 4 female) for the SA Development Team that will be representing our State at the Southern States Carnival in Torquay this coming January will be announced soon.

Best of luck to all of you!
