

SOUTH PORT
SURF LIFE SAVING CLUB INC.

23RD ANNUAL REPORT
and
FINANCIAL STATEMENT
SEASON 1982-83

VIGILANCE & SERVICE

•

SOUTH PORT LIFE SAVING CLUB INCORPORATED

ANNUAL GENERAL MEETING

SEASON 1982/83

Notice is hereby given that the Twenty-fourth Annual General Meeting of the South Port Life Saving Club Incorporated will be held at the:

ONKAPARINGA CANOE CLUB ROOMS

ON

Sunday, 5th June 1983

at 11 a.m.

AGENDA

1. Apologies.
2. Notice of Meeting.
3. Confirmation of the Minutes of the Twenty-third Annual General Meeting.
4. Business arising out of the Minutes.
5. Correspondence.
6. Presentation, consideration and adoption of the Twenty-third Annual Report.
7. Presentation, consideration and adoption of the Twenty-third Annual Financial Statement and Treasurer's Report.
8. Motions of which due notice has been given.

8.1 Proposed amendment to Constitution

Constitution to be amended to allow for an additional officer - Assistant Secretary/Registrar (see attached for details).

9. Election of the Officers for the 1983/84 Season.
10. Consideration and adoption of subscriptions and other amounts payable by members and officers for the 1983/84 Season.
11. To determine the maximum amount the Committee may expend on any one item for the ensuing season.
12. Consideration of Honoraria and Reimbursements for Season 1982/83.
13. General Business.

GEOFF MOFFAT

HON. SECRETARY

ATTACHMENT RE PROPOSED AMENDMENT TO THE CONSTITUTION

In accordance with paragraph 26 of the Constitution, notice is hereby given of the following proposed amendments to the Constitution and By Laws.

1. Amend paragraph 19 "Officers of the Club" by the addition of Assistant Secretary/Registrar.
2. Amend paragraph 20 "General Committee" by the addition of Assistant Secretary/Registrar.
3. Amend the By-Laws by the addition of the following under the heading of "Duties of Officers"

Assistant Secretary/Registrar

- 1) Shall be responsible for keeping minute books of the proceedings of the Committee and of General meetings and shall produce them at each Committee and/or General Meeting.
 - 2) Shall be responsible for keeping such register of Members of the Club as the Committee may from time to time direct and shall process all applications for membership and effect annual registration of members with the Surf Life Saving Association of Australia as required from time to time.
 - 3) Shall be responsible for the co-ordination and distribution of general Club notices and/or circulars to Members as required.
 - 4) Shall carry out such other duties as delegated by the Honorary Secretary.
4. Amend the By-Laws by the deletion of the following under the "Duties of Officers"

Honorary Secretary

- 2 Shall keep minute books of the proceedings of the Committee and of general meetings and produce them at each Committee or General Meeting.
- 3 Shall keep such register of Members of the Club as the committee from time to time directs.

Explanation

Because of the ever increasing work load placed on the Honorary Secretary it is seen as advisable to create the new position of Assistant Secretary/Registrar to handle some of the more routine matters presently under the control of the Honorary Secretary.

The creation of such a position and the division of duties will allow the Honorary Secretary to devote his time to the more vital areas under his control and experience gained in fulfilling the requirements of the position of Assistant Secretary/Registrar may prove valuable as training of future Honorary Secretaries.

SOUTH PORT S.L.S.C.

OFFICE BEARERS - SEASON 1982/83

PATRON	Mr M Hunt
VICE PATRON	Mr W Vandelcur

STATE CENTRE DELEGATES	Dave Stewart and Geoff Moffat

PRESIDENT'S REPORT

Season 1982/83 undoubtedly has been the most eventful in the club's history. The tragic fire on the long weekend in October set the scene for a season of disruption and hard work on the part of all members.

Despite the trials and tribulations encountered, all members and supporters should be proud of the way everybody pulled together to continue the club's growth. Even though we did not have a clubhouse and the total stock of rescue gear was destroyed, patrols were maintained, rescues effected, membership continued to grow and competitively the club had its most successful competitive season, particularly at national level.

Season 1983/84 presents a series of new challenges. The new clubhouse must be built and the spirit of sacrifice and innovation so evident last season must be built upon and consolidated so as to further the club's development.

I would particularly like to record my thanks to the numerous organisations and people who came to our aid, the response of the South Australian community was terrific.

Within the club I would like to thank all members for their co-operation in particularly trying circumstances, the way in which you all were able to keep the name of South Port flying is admired by the rest of the Association.

GEOFF PRICE

SECRETARY'S REPORT

It has been my great pleasure to serve this season as Secretary to Southport S.L.S.C.

Despite the massive setbacks that we have faced this season the spirit of the club was strong and I believe it has been a credit to all club members that we were able to finish the season so well.

The replacement of the clubhouse of course is the top priority for the winter and it is hoped that this will be finalised by the commencement of next season. At present plans have been lodged with the Council and applications made under two separate grants for funding. The outcome of these matters should be known when this report is in your hands.

We were fortunate to obtain substantial financial and practical help from our fellow Clubs, S.A. State Centre and the S.A. public generally and to them we say thank you very much for your assistance and confidence. A list of donors is contained in the body of this report.

We have shown this season that we have a club with real guts and I am sure that we will continue to grow in strength.

GEOFF MOFFAT

CAPTAIN'S REPORT

In spite of the extremely trying conditions under which we were forced to operate during the past season the Club has managed to once again excell in all aspects of Surf Life Saving.

The complete destruction of our clubrooms and equipment could have had an extremely detrimental effect on the Club, however tremendous support from the Local Community, Local and State Governments, kindred Surf Life Saving Clubs and the Association and last but certainly not least each and every one of the South Port members and supporters resulted in a year of unparalleled achievement.

Operating from tents on the beach, our patrols maintained a high standard of service to the members of the public who use South Port beach and although there were relatively few major incidents they were handled with a high degree of expertise by our members. Our method of patrolling the beach is due for review and possible overhaul and during the off season this will be done in an attempt to improve this function and to encourage a new and enthusiastic approach to this sometimes arduous task.

In the competition arena we once again acquitted ourselves extremely well. Our strength in the Board and Ski area is evidence by the winning of every ski event at the State Championships and winning one Australian Championship and being placed in another three events in the Ski arena. To all competitors congratulations on a job well done.

While it is not possible to thank every one for their contribution during the past season it would be remiss not to acknowledge the fantastic job done by Mark Gluis in ensuring that our patrol equipment got on to the beach every week end. Great effort Gluie - Thanks.

With the prospect of having new clubrooms by the commencement of next season and having regard to the high level of enthusiasm evident amongst the members, there is no reason to prevent season 1983/84 being another successful one and I urge all members to give their full support to ensure that this is so.

SIMON LINDEN

VICE CAPTAIN'S REPORT

The 1982/83 season began and within a few weeks the season seemed destined to be over. The loss of a club and its gear meant that the pressures upon all members would be intensified, but the support by all members reduced this pressure dramatically. In no order, I would like to thank in particular a few people for their continued support throughout the season.

- (1) Mark Gluis (Club House Director or Driver).
- (2) Peter Wooden (Gear Steward).
- (3) Moana S.L.S.C.
- (4) Glenelg S.L.S.C.
- (5) Port Noarlunga S.L.S.C.

But unfortunately many of our members did not complete the requirements for patrolling either in the form of penalty patrols or did not complete the required 20 hours. Patrols have been looked upon as a dull by product of being a member of a Surf Life Saving Club. In relation to this object, the Club Captain, Simon and I have met and are in the process of producing new ideas in order to produce a safe environment for the public in terms of good patrolling members.

VICE CAPTAIN'S REPORT CONTINUED

On the bright side, the beach was patrolled for a record 2,314.5 hours but again the average hours patrolled by each member was below 30 hours (29.3 hours). David Watt again ran away with the Patrol Hours Trophy with a record of 133 hours. I would also like to commend M Goldfinch, K Stephens, M Parsons, D Cakebread, K Wilson, J Jones, N Shelton and J Nearmy who all patrolled for over 50 hours.

In conclusion, I would urge that next year all members approach patrols with a more positive approach and all commitments be completed at the end of the season rather than the beginning of the next season. It has been suggested that registration will be subject to completion of patrol commitments.

SHANE WOODEN

CHIEF INSTRUCTOR'S REPORT

The annual apology to the Advance Resuscitation hopefuls had become an unacceptable embarrassment so we reversed the programme to cater for them, the long list of Certificates gained and re-exams completely justified the exercise.

Unfortunately when we progressed to the Bronze medallion, the level of dedication varied dramatically, in spite of the instructor's persistent emphasis on the need for swim fitness and the development of belt, board,ambu and oxy skills there were still some candidates who had not started to properly apply themselves by the time the examination day rolled around. I seriously considered reducing the squads but eventually took a gamble that the fire related sympathy vote would save the day if things got sticky and I presented the whole batch on the prescribed day. Two squads sailed through and one was rejected but a combination of hurt pride and resentment at their "unfair treatment" spurred this group on to become, within two short weeks, the best Bronze squad that I have seen South Port present.

Once the challenge of that examination was over, routine Profficiency testing and Qualifying and Resuscitation Certificate instruction and examination kept us occupied until the New Year when I assessed the remaining Bronze and Qualifying aspirants as generally uncommitted and closed off for the season.

Naturally the fire created problems for my Bronze squads but these were neutralised through the generosity of the Port Noarlunga Club, they gave us access to all gear and facilities and we have every reason to be grateful for this magnificent support. It seems that all sections of the Club have helped me in the last year but I must single out Don Brady, Glen Steel and John Nearmy (Superfish) for the many hours of instruction undertaken between them, my workload was reduced to a tolerable level and our combined efforts have enabled South Port to achieve a record number of Association Awards.

Having ghost written the Club House Director's report I believe it would be discourteous to the members rephrase his closing comments to give them added weight however I honestly would not complain too much if our Clubhouse was rebuilt and ready for occupation by late September at the latest!

MICHAEL SHEAD

GEAR STEWARD'S REPORT

No doubt in all reports there will be mentioned the loss of our Clubhouse and the difficulties associated with this loss.

In my particular case, the patrol equipment we used was loaned to us by other Clubs or provided new through the financial support of individuals, service groups and business men. The equipment required minimum preparation for the beginning of the season and little maintenance during the season. The assistance I received in providing the Patrol Equipment required, including the trailer, necessary to man our beach throughout the 1982/83 season was top class.

I could spend pages listing Clubs and individuals that supported Southport throughout the season and of patrol captains and patrolling members whose tolerance and understanding under difficult conditions was very commendable. I would however like to make mention of just a few outstanding supporters during the 1982/83 season.

Glenelg S.L.S.C. who assisted in every way possible, they were responsible for providing most of the necessary patrol equipment (including an I.R.B. Complete). To Lenny Eastham and Merv Riches who spent hours and hours modifying and constructing a trailer specially designed to our specific needs. Lastly to Mark Gluis who week after week provided a transport service between our storage shed at Port Noarlunga to our patrol location.

I commend the Patrols for their efforts and for their loyalty in a situation which could have led to discontent, dissatisfaction and even retirement or transfer.

We have successfully completed 1982/83 under difficult conditions. I can only hope that we are not confronted with the same problems at the start of the 1983/84 season.

PETER WOODEN

BOAT CAPTAIN'S REPORT

Well, another year is over and what a year it's been. Unfortunately two boat crews were prepared to row last year, but due to circumstances beyond our control, rowing this season didn't eventuate.

Many thanks to those members during the winter part of the year for helping to prepare the boat for the water. Due to the fire and the loss of the boat and everything that resembled boaties equipment it was impossible to keep the boat crews together as other areas of competition were available to some.

Many thanks to West Beach for the offer of the "Barracuda" for the season. As a few more members became disinterested in rowing I found it very hard to get a crew together, thus the boaties didn't appear in the year of 82-83.

This year however appears to have enlightened hopes of the boat crews due to the kind donation of the "Hawaiian Tropic" from the Bronte club. Those members interested in rowing this season will be pleased to know that a bit of manual labour is required in making the "Hawaiian Tropic" seaworthy, i.e. sanding, varnishing etc. Therefore I would like to say HELP!! is needed. The sooner it is ready for the water the sooner boat crews will be a part of the furniture again at the club.

For the club to have up to date equipment it is necessary to raise funds for gear. The surfboat is the most expensive piece of competition equipment in the club (approximately \$8,000 new) yet it doesn't necessarily have priority over other competition club gear. Therefore I appeal to all members to support your club whenever any fundraisers come up during the year to help raise funds for competition equipment e.g. boards, skis, reels, boat, oars etc. This can only be achieved by your support.

I would like to wish all members of S.P.S.L.S.C. a prosperous 1983-84 season.

IN SUPPORT OF BOATIES REVIVAL
YOUR 25 FT BOAT CAPTAIN
D. GEORGE GARDNER

CLUB HOUSE DIRECTOR'S REPORT

We always found it hard to accept the pointless petty vandalism that so often accompanied the monotonously regular clubhouse breakins, so after a particular messy visitation early last winter we launched "Operation Fortress Drapers Nest" to completely secure the canteen area, obviously once they could not get at the chocolates and cool drinks the forced entries would cease so therefore would the senseless damage that so often followed. It is history that this brilliant strategy was never fairly tested, while the fortification was in progress we twice lost every pane of our seaward windows, courtesy the vandals, and then to add insult to injury they topped off their Labour Day weekend celebrations with the fire that destroyed the Clubhouse and contents.

This untimely loss of our building and equipment forced upon us the mobile lifestyle of gypsies, trailers and tents became our way of life and in a year that saw us successfully conduct one Junior and two Senior Carnivals, one being the State Titles, the resultant workload was horrific but the response of all sections of the Club was such that the only major complaint aired was the toilets, and boy did they ever need airing.

I became deeply involved in the endless shuttling of the mobile clubhouse, namely two trailers which contained the canteen and patrol gear but the number of trailers multiplied like rabbits in plague at carnival time as almost everything was trailed along the waterfront from Port Noarlunga. We are deeply indebted to Reynella Datsun for their generous donation of 4 wheel drive vehicles throughout the season and we

CLUB HOUSE DIRECTOR'S REPORT CONTINUED

would be remiss if we did not also include a special vote of thanks to Stephen Binks and Marion and Tony Wilson for their labour of love in the season past, in a year when so much was thrust upon us, these three were outstanding for the uncomplaining way in which they handled far more than their fair share.

By the season's close tents and trailers had ceased to be a novelty, just plain hard work so I close with the hope that they will not be called into service at all next year.

MARK GLUIS

SOCIAL SECRETARY'S REPORT

As we all know Season 82/83 proceeded under extreme difficulties due to lack of a clubhouse. Lack of a general meeting place resulted in some difficulties in communication in relation to social events.

The people who organised the club tent over the weekends went a long way in developing a good social atmosphere and I thank that gallant band sincerely.

Barbecues became a regular event held mainly at the Canoe Club. These were all well attended and generally very successful. I wish to personally thank Brian Steel and Geoff Price for the assistance with barbecues as well as those unsung heroes, the Cooks (even a group of Cadets).

The two major functions for the season were the dinner at Alden Manor and the New Year's Eve Dance held at the Canoe Club, both functions were well attended. The Room in which the dinner was held was a little small for the number of people present and this marred the success of the evening. The dinner next season is scheduled to be held at Surf House, West Lakes. We have the spacious Top Room to ourselves. The New Year's Eve Dance was particularly successful and thanks to those members who assisted in organising the evening.

I would also like to thank the Onka Canoe Club and its members for the use of their facilities throughout the Year.

DON BRADY.

JUNIOR DELEGATES REPORT

A year in which the club was placed under additional pressures with the loss of our clubhouse facilities, but to the credit of all the effect on our activities passed without comment or complaint. A special thank you from our Junior Members must go to all who assisted in keeping the supply of hot dogs, soft drinks and sweets flowing.

Our efforts at carnivals this season was most pleasing when we consider the number of our competing members.

A thank you must also go to the parents and friends who assist with our training programmes and the committee hope that their support and assistance will continue.

Again our club was well represented in the Junior State Team and all performed creditably in their events.

To the 13 year olds who pass into the Senior ranks, the Junior Committee trust that the time spent with us has been rewarding and we look forward to your continued involvement with Southport.

IVAN CAKEBREAD.

TREASURER'S REPORT

Due to the fire I, like most of the committee, have found my position most demanding this past season. In total over \$50,000 passed through the general club account in 1982/83.

Currently club balances total almost \$14,000 which along with our impending insurance claim for \$62,714 should see us in a sound financial position from which to begin the rebuilding of the clubhouse in the forthcoming season. I would like to thank Marion Wilson and her clan of helpers whose efforts, despite primitive facilities, managed to raise over \$6,000 of canteen profit over the course of last summer.

The major source of income this year has come from local community groups who have seen the necessity for the re-establishment of our club.

At the time of audit expected income includes a considerable donation towards rebuilding from the West Beach Apex Club and our share of the remaining profits from the 1982 Australian Titles. (Problems with insurance has considerably delayed the final division of this money). Finally, the audited statements do not bring into account debtors and it is expected that such debts will be recovered early in the 1983/84 financial season.

AUDITORS' REPORT

We have examined the books as presented by the South Port S.L.S.C. (Senior, Junior and Women's Auxilliary) and are of the opinion that the accompanying Income and Expenditure Statements represent a fair view of the transactions of the Club for the period 1/5/82 to 30/4/83.

The attached Balance Sheet is a fair statement of the assets of the Club. We have examined the bank statements of the accounts produced and hereby verify the closing balance of funds at bank.

R.J. MAYO A.A.S.A.

M. COPLEY

(HON. AUDITORS)

PUBLICITY OFFICER'S REPORT

The past eight months have been a fairly easy task as far as the duties of Publicity Officer are concerned.

Since the fire the majority of club members have been involved in fund raising activities both within the club and to a larger extent, have been working in conjunction with various service groups and business houses to raise funds to assist with rebuilding.

Judging from the response from both South Australia and interstate, the club, thanks to the untiring efforts of many of its members, has had its aims and requirements made known to a larger cross section of the community than would normally be possible.

PETER SUTTON

I.R.B. REPORT

After losing 99% of our I.R.B. equipment in the fire, I am now pleased to report that as of May 1983, the club has two new motors, a new Zodiac Hull with one piece floor and the majority of tools, spares etc. to once again be fully operational.

Many thanks to Glenelg S.L.S.C. for the loan of a hull and motor, Port Noarlunga Primary School Aquatics group for the use of both their craft and facilities, Port Noarlunga S.L.S.C. for the use of their premises to clean boats, motors and the like, and to numerous power craft personnel from other clubs who were only too happy to lend bits and pieces when we needed them.

It was good to see one more qualified driver join the ranks this season, and I would take this opportunity to thank drivers, crew and all those "cheerful" "volunteers"?? who carried the Duck up the beach - without these people it would have been impossible to provide even the limited service that was available this year.

PETER SUTTON

CANTEEN REPORT

Despite all our set backs we were able to maintain a popular and well patronised canteen on the beach. This was very successful and we were able to raise nearly \$6,000.

I would like to thank all those that helped and the many donors such as Aibre Solaire.

In particular I would like to thank Mark Gluis for his help which was always forthcoming even if he did hate to put up the tent.

MARION WILSON

DONORS

The following people and organisations donated time, money and practical help to assist us due to the clubhouse fire and to them we extend our sincere thanks.
