PRESIDENT'S REPORT

Season 1976/77 must be recorded in the history of the club as without a doubt the most successful to date. The club operated efficiently in all aspects and surged ahead in competition to challenge all clubs.

The season had many highlights, the State Titles were effectively conducted and the club was complimented on the effort displayed. The competition aspects were well to the fore with the club finishing the season third overall and has seen a welcome return of many old faces to the membership ranks.

The harmonious relations between the Senior and Nipper ranks continues and the fruits can be seen in a young enthusiastic growing membership.

The intention of the City Council of Noarlunga to support the work of the club with an on-going grant from next season is most welcome and will assist to help maintain financial stability.

I would like to thank all Committee members for their attendance and co-operation and to all the people associated with the club who contributed so much to make 1976/77 the best year ever.

Geoff Price
PRESIDENT.

CAPTAIN'S REPORT

We have just completed the most successful season the club has ever produced. We have been able to draw on older members who have had family and business commitments up until now, using them as patrol members and competitors. This has created a lot of interest and warm friendship between young and old, Nipper parents and old members, or wrinklies, as they are known. I am sure this can only do good for our club.

This season has seen a dramatic drop in the number of rescues on our beach, partly due to the fact that every weekend of reasonable weather the patrols had as many as fifteen members on at a time. This has taken a lot of worry and burden off our committee.

Our club would never had the success it did this season without the unselfish and dedicated members of patrol no. 4. Congratulations on being number one patrol, also thank you on behalf of all competitive members for giving up your chance of competition this season.

The club introduced a new service to the public this season, that being young ladies attending and treating first aid cases. This started out as an experiment, but I am sure that these girls did such a good job that this will remain part of our club. To all girls, their parents and all who assisted them, thank you, we hope to see you next season.

At the beginning of this season I felt sure we were going to be a strong club. Little did I imagine that we would be third club overall. We exceeded all expectations. It was an overall effort from all competitors who disciplined themselves, and won and lost as true sportsmen. I can say, and feel sure other older members will say too, that this was our proudest year.

The advent of the Junior R & R in the club has been the greatest thrill of my relationship with the club. Congratulations to all the members and their coach for all the hard slogging done.

I suppose I had better mention the wrinklies March Past team. This group of fine old men gathered together and frightened the daylight out of Seacliff at the State Titles.

Probably our best achievement for the season was the Port Lincoln Carnival where five of our Junior & Cadet members took out third position overall.

The National Titles saw South Ports name being put to the fore. We had several young members make finals. This shows that the standard our boys are at is very high. The State Titles this year, at our beach, created a good image of efficiency at which our club can work and organise. All members and wives, mothers and friends I personally thank for the way in which you co-operated.

We have returned from the National Titles with new equipment. This is for competitive members use and they must train hard to earn the use of it. Members in the past have been very good but this can only get better by co-operation by everyone. The club is gradually running out of space to store this equipment which limits us to the amount we can purchase.

The clubs future lies in its younger members, Nippers, Cadets, Juniors, and judging on results we have little to fear. The essence of our future is always to strive to do better in all fields.

Thank you all for a wonderful season.

G. A. HIGGS
CLUB CAPTAIN.

CHIEF INSTRUCTOR'S REPORT

Season 76/77 saw the club reach a new high in competition, and I can only say with the influx of more cadets and juniors this coming season I predict a higher and more consistent position on the competitive scene. The Junior R & R, Board, Ski and Ironman Cadet Beach and Swim, plus the Senior March Past, all pulled their weight in a great team effort, and it is this combined team work that will lift the club to bigger and better things.

To all the members male and female who gained their awards this season my congratulations. To Peter Wooden and his band of instructors who made my job so much easier allowing me more time to supervise other aspects of club training, thank you.

To the four lads who made the semi finals and finals at the Australian Titles's my heartiest congratulations!

George Hann
CHIEF INSTRUCTOR.

CADET SUPERVISOR REPORT

Last year I stated that the 75/76 season was the best ever as far as Cadets were concerned. Without a doubt the 76/77 season was far better again and 77/78 is shaping up already towards a top season. Currently eleven Cadets are in winter training in preparation for their Qualifying Certificate.

Some thirteen Cadets actively patrolled and completed last season. The standard and success achieved was far higher than any previously recorded. The Clubs rise in competition from the lower ranks to the top four/five Clubs can be at least partially credited to the success of our Cadet Members.

It would seem almost certain that the efforts and success of our Nipper Division over the past few years is now being posted on into the Senior Ranks especially at Cadet level. Also equally as certain has been the success of the Club's investment in Craft gear to attract the interest of our cadets.

I believe we can proudly state without fear of contradiction that Southport at present is the Premier Club at Cadet Level. I congratulate last seasons Cadets and wish next seasons members all the best.

Lastly I would like to congratulate Barry Golding and Jim Hodgen in obtaining their Instructors Certificate. Through their efforts a very high standard was achieved by those Cadets who sat for and passed their Qualifying Examination last year.

P. Wooden
CADET SUPERVISOR.

PUBLICITY OFFICER'S REPORT

Overall, this year has been the most successful in the club's history, but this success has been most noticeable from the competitive angle. Publicity this year has been concentrated principally towards this aspect. I believe that South Port can continue to grow if we became more known to the public, and this can be achieved by casting an image of competitive strength. This is totally in opposition to the State Centre's policy, but I believe this policy is stifling the growth of Surf Life Saving in this state.

Primarily, publicity has been aimed more towards the immediate local community through the local newspaper. A possibility for the future is a regular Surf Life Saving column in the local paper, serving not only the purpose of South Port, but of all the southern clubs. Perhaps we could even expand our aims towards the whole public of Adelaide.

Next season looks to be an even finer season and I can only urge all club members to put in an effort to improve the club's position.

Mark Wooden
PUBLICITY OFFICER.

SECRETARYS REPORT.

In concluding this annual report ,I feel I must congratulate the Club on a great season. I must also thank those members who gave me much help in my first year as secretary/treasurer; they have indeed made my job easier. When members are considering running for offices this coming season they must be prepared to work in thier role. For the third season in a row,we have had positions left vacant by members resigning or just ignoring their responsibilities. With the success of our Club, the large amount of gear we are amassing ,the amounts of money passing b through the the Club and our increasing responsibility on the beach, we must have a responsible,hardworking member in e every Committee position. I have very much enjoyed 76//77 -- ROLL ON 78

AUDITORS REPORT

I have examined the records produced of the South Port S.L.S.C. Inc. and have to report that the attached Statement of Income and Expenditure and Balance Sheet are drawn up so as to reflect a fair view of the affairs of the senior division of the club as at 30th June 1977.

Debtors of 220 dollars have not been brought to account due to the doubtful collection of these. There appears to be no outstanding creditors but I am informed that commitments have been undertaken for the purchase of equipment at a cost of 1400 dollars approx. No accounts from the Nipper Committee were submitted for examination.

R.J.MAYO A.A.S.A.

(HON. AUDITOR)
